# Session Options

*Session selections are based on your team's goals and can be combined to create a tailored retreat.*

## Leadership Alignment

Align around shared priorities and direction. Surface differences in assumptions and decision-making approaches to strengthen communication and consistency.

## Solutions for Challenges

Work through real challenges your team is facing. Participants identify options, clarify next steps, and move forward with greater clarity.

## Strategic Visioning

A guided visualization to help participants step out of day-to-day thinking and define what success looks like across individual, team, and organizational priorities, with clear direction and next steps.

## Pipeline Review

A facilitated session where teams review their current pipeline of opportunities, identify priorities, and align around capture strategies for upcoming bids.

## Strategic Prioritization

A structured conversation for leadership teams to identify their most important goals and focus areas for the coming months or year.

## Process Mapping

Examine how decisions and workflows currently function. Analyze bottlenecks and clarify roles, improving efficiency, and accountability.

## Equine Leadership

Through this exercise, participants interact with horses to explore leadership presence and situational awareness. Horses respond naturally to human behavior, offering immediate feedback and insight.

## Yoga & Meditation

Gentle movement, breathing exercises, and meditation to improve focus, reduce stress, and support clarity.

## Forest Walk

A guided walk through the farm, forest, and creek with structured prompts to support mindfulness, reflection, conversation, and a mental reset.
